- **Partnership's needs change over time** so the partnership brokering role also evolves and changes in response
- **Differences between an internal/ external broker** and informal/ formal adoption of the role can make a difference to your authority as a partnership broker
- **Principle of those in the role education/ handing over/ building capacity** need to be communicated to partners as a key part of making yourself 'redundant' as a partnership broker
- **Partnership brokering is not a replacement for good partnering practices** rather it is a (temporary and/ or episodic) arrangement that supports partners and the partnership goals
- **Striving for a balance between 'service' and 'leadership'** means that partnership brokering is significantly more than administration or facilitation

Partnership brokers often need to juggle contradictions

Supporting/ serving	Shaping/ directing
Disrupting	Consolidating
Working from intuitive insights	Working from logical deduction
Unaligned/ neutral	Passionate/ persistent
Building a level playing field	Promoting new leadership
